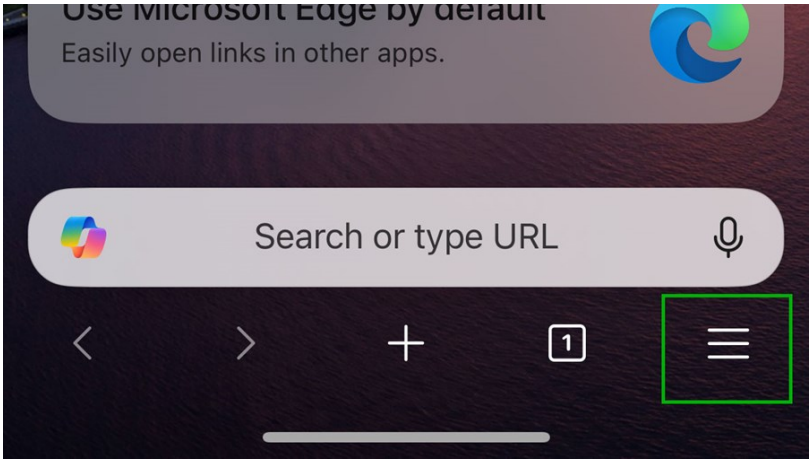
Clear Cache in Edge Browser in iOS (iPhone or iPad)

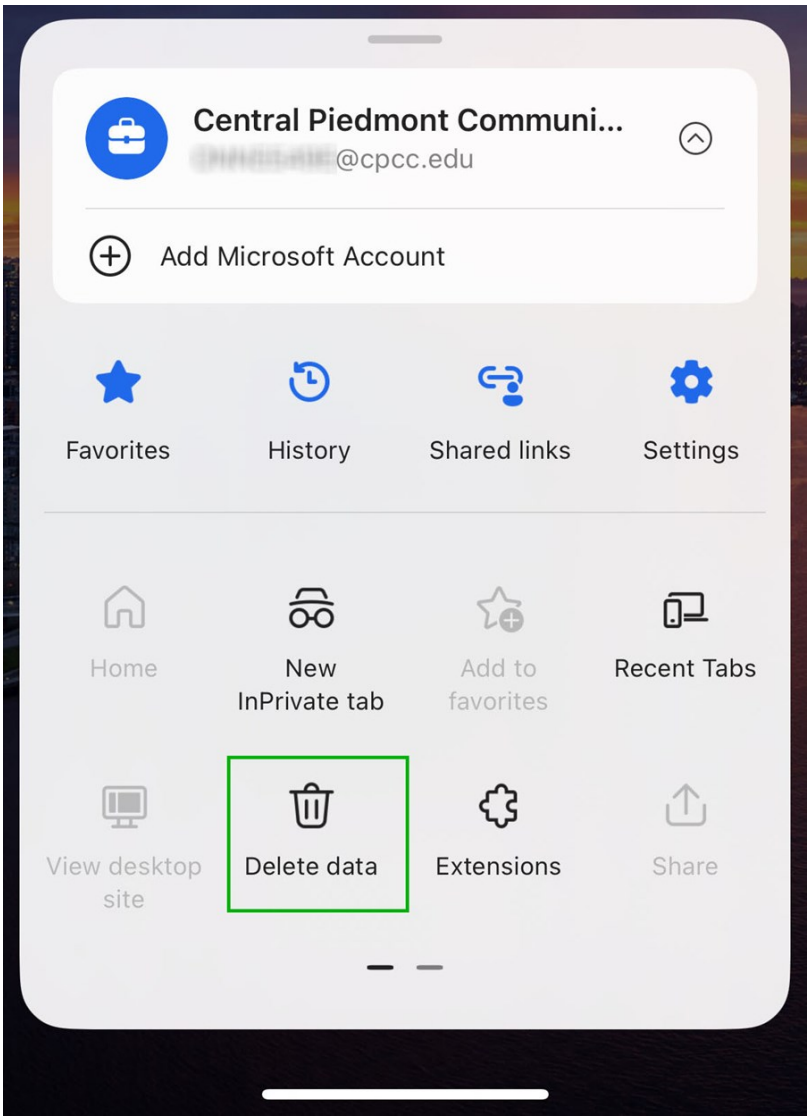
Clear Browsing Data · https://servingalcohol.com/kb/cache/clear-edge-browser-in-ios/

1. On your iPhone or iPad, open the Microsoft Edge app.
2. At the bottom right, tap the **three horizontal lines** to open the menu.

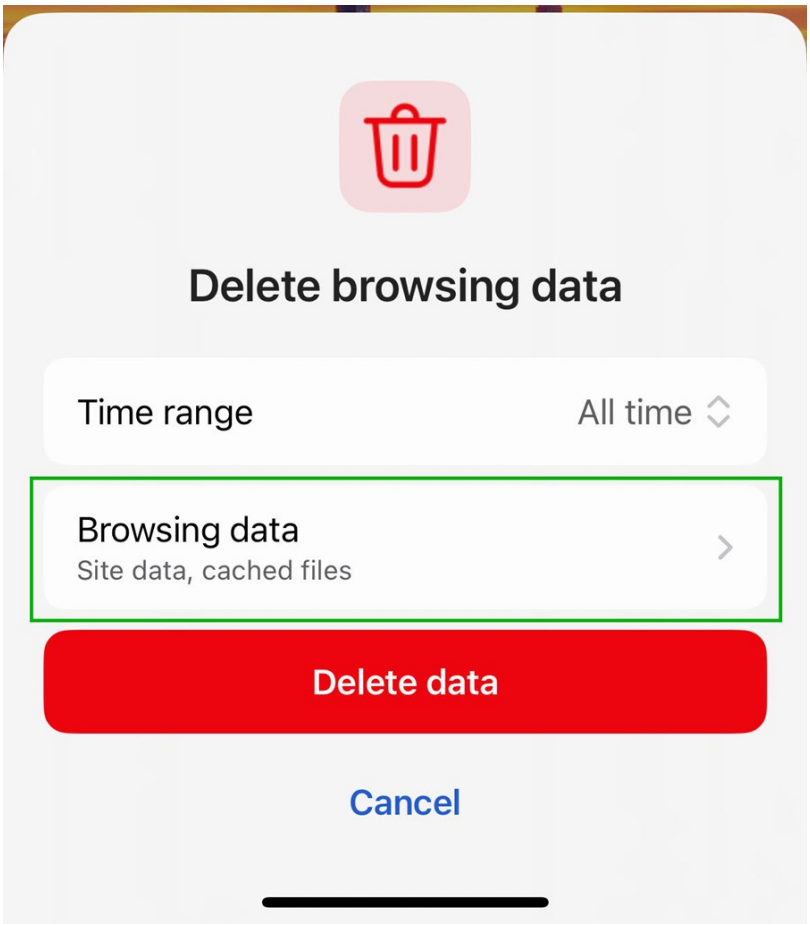


|

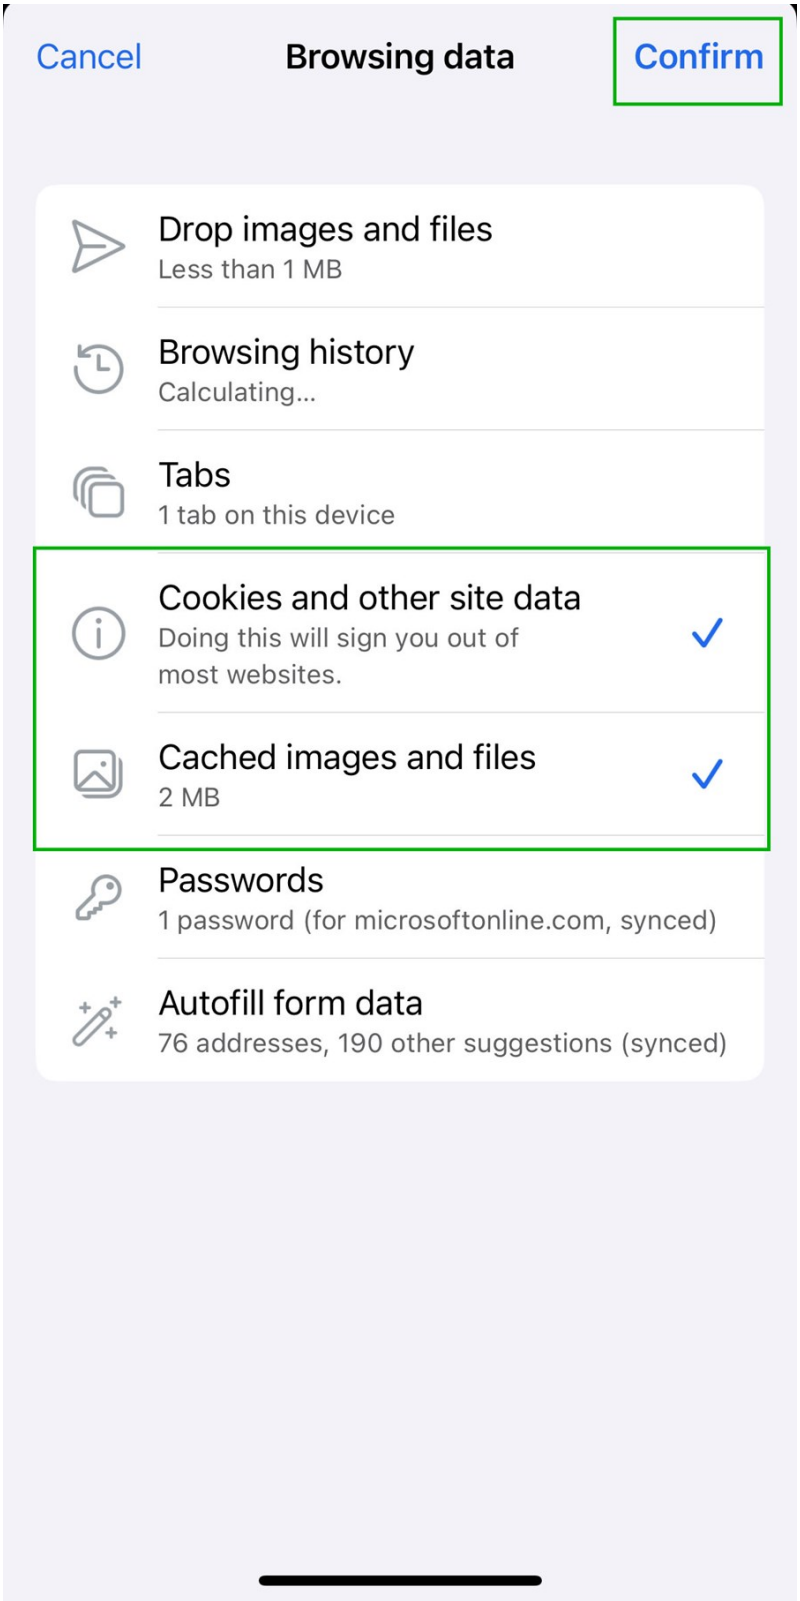
3. Select **Delete data**.



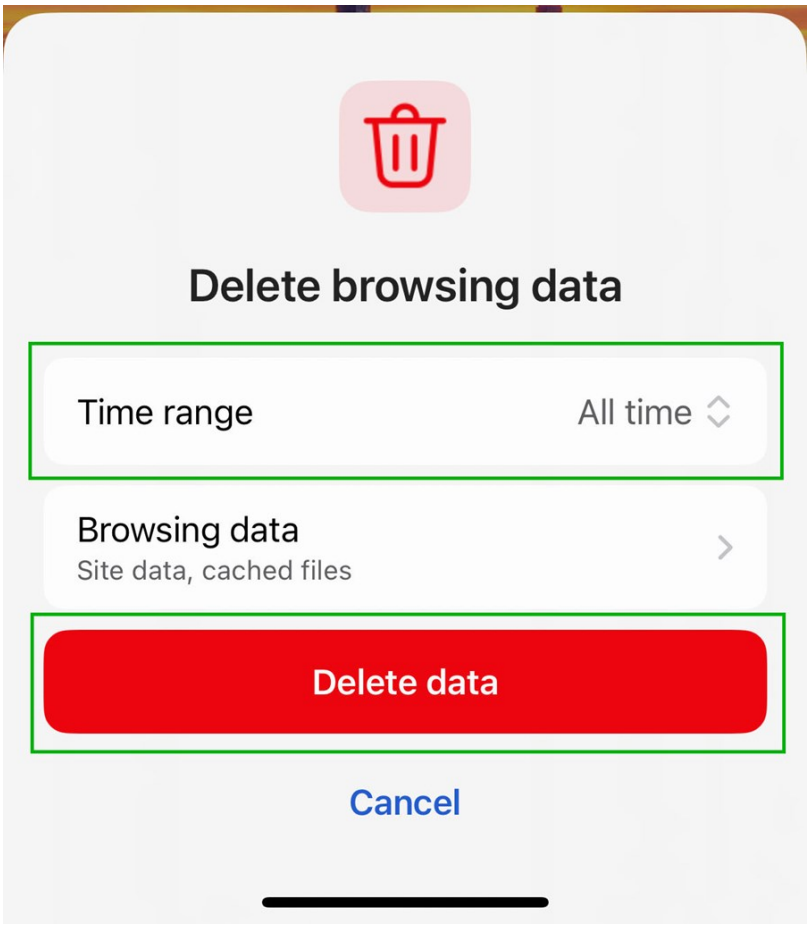
4. Select **Browsing data**.



5. Check the boxes next to **Cookies and other site data** and **Cached Images and Files**. Tap **Confirm**.



6. At the top, choose a **time range**. To delete everything, select **All time.**
7. Tap **Delete data**.



After you clear your Internet cache, close your web browser.

- Next, open the Edge web browser again.
- Log in to the course from our homepage at **ServingAlcohol.com**.
- Click the **Sign In** button at the top of the page.
- Enter your email address and password. If you used the Google Login with your Gmail, use that instead.
- After login, click on the name of the course in red.
- On the next page, click on the **Enter** button.
- Select the **Last Visited Page** button.
