Clear Cache in Safari on iPhone or iPad

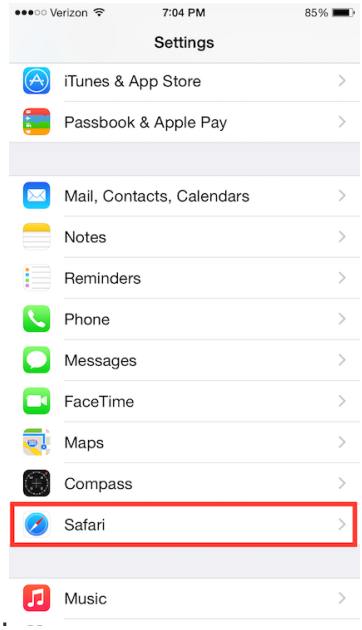

Clear Browsing Data · https://servingalcohol.com/kb/cache/clear-safari-ios/

This article explains how to clear cache and cookies in Safari on an iPhone or iPad.

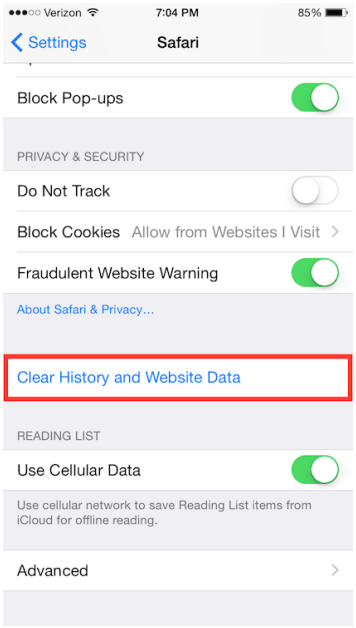

From the home screen, tap the **Settings** button.

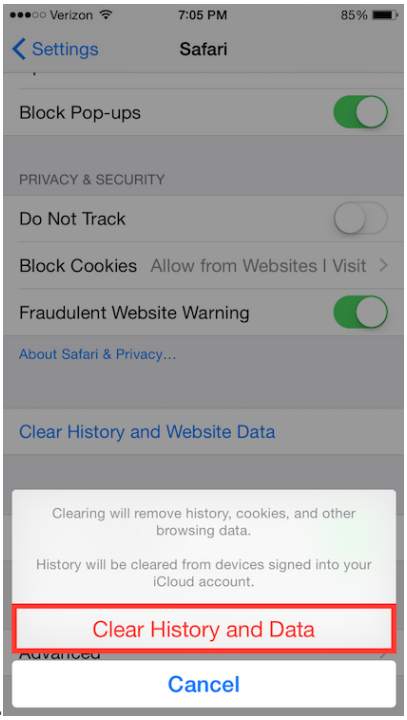

On the Settings screen, scroll down and tap the **Safari** button.

Under the 'Privacy' section of the Safari screen, tap the button labeled **Clear Cookies and Data**.

On the confirmation screen, tap **Clear History and Data**.

After you clear your Internet cache, close your web browser.

- Next, open the Safari web browser again.
- Log in to the course from our homepage at **ServingAlcohol.com**.
- Click the **Sign In** button at the top of the page.

- Enter your email address and password. If you used the Google Login with your Gmail, use that instead.
- After login, click on the name of the course in red.
- On the next page, click on the **Enter** button.
- Select the **Last Visited Page** button.
